FAQ

[Horstmann Radio Telemeter Series K Manual](#)

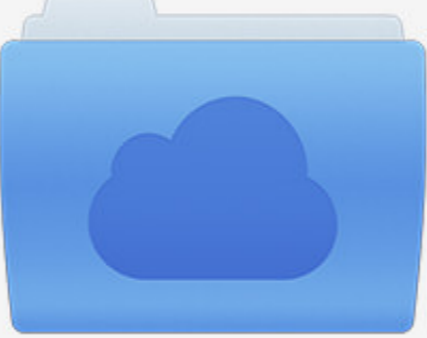

The screenshot shows the Acoustica Beatcraft software interface. The top window is titled "Acoustica Beatcraft - jamboree.bcproj (modified)". It features a menu bar (File, Edit, Play, Pattern Editor, Sequencer, View, Help) and a toolbar with various controls like volume, pan, solo, mute, and FX. The main interface is split into two sections: "Pattern Editor" and "Sequencer".

The "Pattern Editor" section shows a grid for "Pattern 3" with columns for "Measure 1, beat 1" through "Measure 1, beat 4". It includes tracks for "606 Kick", "909 snare 5", "Hip Hop Kick", and "Brush Kick", each with volume and pan controls. A "New Kit" button is visible on the left.

The "Sequencer" section shows a timeline with tracks 1, 2, and 3. Track 1 contains patterns like "(B) just hi hat", "Pattern 5", and "Pattern 3". Track 2 contains "(B) just hi hat" and "Pattern 2". Track 3 contains "Pattern 2" and "Pattern 3". The timeline is marked with measures 1/19, 2/19, 3/19, 4/19, 5/19, 6/19, and 7/19.

At the bottom, there are tabs for "Pattern Editor", "Sequencer", "Kit Library", "Sample Library", and "Explorer". A status bar at the very bottom indicates "Ready." and "Play the selected pattern".
